ABOUT AMERX HEALTH CARE

Founded in 1993 by John C. Anderson, AMERX Health Care Corporation is dedicated to providing superior wound and skin care products that deliver positive outcomes, increase patient compliance, and reduce treatment costs.

Long-known for our top-rated* AMERIGEL® line of topical wound and skin care products, AMERX Health Care has expanded our offerings throughout the years. We now offer a comprehensive suite of wound care products including HELIX3® Bioactive Collagen, AMERX® Wound Care Kits & Dressings, and the NEW EXTREMIT-EASE® Compression Garment – listed in Podiatry Today among the Top 10 Innovations in Podiatry in 2017.

Our high-quality, affordable products address today’s wound and skin care challenges – providing health care facilities and private practice physicians the tools for success while helping patients live healthier lives.

Enjoy the quality and convenience of working with an established company that has delivered proven results for 25 years. We invite you to look through this brochure and learn more about the AMERX products and services designed to increase your patients’ satisfaction and boost your practice growth.

1993
- Founded by John C. Anderson beginning with AMERIGEL® Wound Dressing

1995
- Expanded AMERIGEL® Line with Care Lotion and Barrier Lotion

2000
- Introduced the Doctor Direct Program

2001
- Expanded AMERIGEL® Line with Saline Wound Wash

2003
- AMERIGEL® Wound Dressing rated #1 Topical Following Matricectomy by Podiatry Management’s Annual Podiatry Survey

2006
- AMERIGEL® Wound Dressing rated #1 Wound-Ulcer Treatment by Podiatry Management’s Annual Podiatry Survey
WHY DISPENSE AMERX PRODUCTS TO YOUR PATIENTS?

- Trusted, FDA-cleared, and PDAC-approved products with proven outcomes.
- Boosts positive outcomes, patient satisfaction, and compliance.
- Patient compliance rates are 60-70% higher when products are supplied directly to the patient.
- More cost-effective for patients, saving time and money by avoiding costly trips to the pharmacy.
- Increases Per Patient Value (PPV) to the practice while offsetting insurance reimbursement reductions.

- Expanded AMERIGEL® Line with Post-Op Kits
- Began participating in the GSA Advantage Federal Agencies Program
- Launched HELIX3® Bioactive Collagen Products
- Launched AMERX® Dressings and Wound Care Kits
- Launched the EXTREMIT-EASE® Compression Garment
- Introduced the Patient Direct Program

Choose AMERX Health Care’s Turn-Key DME® program for the support you need to streamline protocols, navigate Medicare DME requirements, properly bill for DME Wound Care supplies, and enjoy the benefits of dispensing DME Wound Care supplies more efficiently.

AMERX now offers two options to help drive your practice profits—Doctor Direct and Patient Direct. Choose the solution that best suits your needs, or combine them both to unlock your practice’s full growth potential!

Boost positive outcomes, build patient satisfaction, and increase compliance with Turn-Key DME by AMERX Health Care.
In-Office Dispensing Program

Join the thousands of physicians who have chosen to dispense AMERX products from their practice, and develop a “Center of Excellence” by providing your patients with a complete source for their wound care needs.

Studies show a 60-70% increase in compliance rates when patients leave their doctor’s office with products in-hand as opposed to traveling to a pharmacy. Save your patients time and money with Doctor Direct, and improve patient compliance, increase patient satisfaction, and boost Per Patient Value (PPV).

At-Home Delivery Program

Are you looking for a dispensing program that reduces the drain on cash-flow and time needed to manage onsite inventory? Are you ready to streamline your billing process? Patient Direct provides access to cost-effective DME Wound Care products with pre-authorization support and at-home delivery direct to your patients.

Simply fax or upload your order to AMERX, where our dedicated team immediately begins verifying pre-authorization of patient insurance coverage and preparing the order for same day processing. Your patients will appreciate the convenience of receiving their DME supplies direct to their doorstep, while you will enjoy the benefits of prompt, accurate order processing with coding support that streamlines your final billing process.

Reclaim beneficial office space once used to store onsite inventory, and recoup valuable time formerly spent tracking down reimbursement codes or managing inventory needs with Patient Direct.
WOUND CARE KITS

COLLAGEN POWDER
COLLAGEN MATRIX
CALCIUM ALGINATE
FOAM
HYDROGEL

RECOMMENDED FOR:
Diabetic ulcers, pressure ulcers, stasis ulcers, post-surgical wounds and burns.

Available in 5-day, 15-day & 30-day kits
Increase Patient Compliance 60-70%
PDAC Approved

STANDARDIZE DRESSINGS
IMPROVE CONTINUITY OF CARE

INCREASE
Patient Wound Care Compliance

Everything needed for your patients to perform proper dressing changes at home including:

✔ Primary Dressing   ✔ Saline Wound Wash
✔ Secondary Dressing ✔ Supportive Dressing

Available in a variety of primary and secondary dressing options based on individual wound needs.

Promotes continuity of care to support improved outcomes and patient satisfaction.

COMPRESSION THERAPY

EXTREMIT-EASE

COMPRESSION GARMENT

INDICATIONS:
Management of mild to moderate swelling from lymphedema, chronic venous insufficiency, acute post-operative edema and other swelling disorders.

Gradient Compression Wrap
Provides 30-50 mmHG of Short Stretch Compression
No Natural Rubber Latex
Includes Garment, Liner, and Laundry Bag
Available in 10 sizes (XS - XL, Regular & Tall Lengths)
PDAC Approved

SIMPLICITY
Where Compression Meets Compliance

► Easy for patients to independently apply and adjust.
► Made with lightweight, air permeable fabric for hours of comfortable wear.
► Reduces pistoning, common with layered compression.
► Machine washable with provided mesh laundry bag.
